ANOTHER RELAPSE

Symptoms of the Gravest Nature Developed in the Case of Pope Leo Monday.

IN A SEMI-COMATOSE CONDITION.

Unless the Disease Takes an Unexpected Turn Death May Not Occur For Some Days.

His Feeling of Fatigue and Indifference Is Interpreted as a Sign That His Vitality Is Fast Diminishing.

Rome, July 14.—"While there is life, there is hope," was all the consolation that Dr. Laponi would give Monday night in admitting that Pope Leo's condition was "very grave."

The pontiff has suffered another relapse and he laid Tuesday morning in a more critical condition than at any time since the middle of last week. The semi-comatose condition into which he fell at midnight and the confused state of his heretofore lucid mind on his awakening at an early hour Tuesday morning, accompanied by a still greater depression than during Monday, are regarded as symptoms of the gravest nature and as pointing to an imminent dissolution. Even if the early evening medical opinion was less pessimistic and Dr. Mazzoni thought he end was not in sight, he expressed the belief that unless the disease took an unexpected turn, there was no reason to apprehend the death for two or three days. This statement, however, did not relieve the anxiety of those who know that powerful stimulants are constantly administered.

His Extreme Weakness.

Some attribute the pontiff's extreme weakness Monday night to the excessive mental and physical efforts of the pope in receiving visitors and hearing mass. Never before has the patient's weakness progressed as it did Monday. For the first time since his sickness the pope asked to have the shutters almost closed, as the light hurt his eyes, and at the same time, contrary to his custom, he begged to be left as quiet as possible. Another noteworthy symptom of his weakening condition was the difficulty with which he took his medicine and nourishment. Previously, indeed, during his whole life, Pope Leo has been against the prescriptions of doctors or anything which had the aspect of being forced on him. His feeling of fatigue and indifference was interpreted as a sign that his vitality was fast diminishing.

Too Weak to Speak.

Late Monday evening nine cardinals, including Satolli and Martinelli, were admitted to the sick room, but the pope could not even speak to them, merely giving them his hand to kiss.

Dr. Rossini is reported to have said in an interview Monday: "The pope's pulse reaches 90 pulsations and over. Just calculate how many times it has pulsed in 93 years and you will understand that in his present condition all his organs and the pulse must end by getting so tired that they will stop forever."

At the American embassy it was said that no request, official or otherwise, had been received up to Monday for information regarding the pope's condition. King Edward has instructed the British ambassador, Sir Francis Bertie, to telegraph twice daily the condition of his holiness.

THE MANCHURIAN PORTS.

Russia Has Postponed the Opening of Them to the World.

St. Petersburg, July 14.—According to the newspaper Novikr, published at Port Arthur, Russia has informed China that she is compelled to exclude foreigners from Manchuria and postpone the opening of Manchurian ports owing to the presence of Englishmen and Americans, who, in disguise, are engaged in espionage. Russia, according to the paper, promises to open the ports six years hence, when the country has been tranquilized and settled.

Embargo on Cattle Removed.

Washington, July 14.—Judge Rogers, in the United States district court, set aside the naturalization of 39 Russians and Italians on motion of District Attorney Dyer. The court had previously taken the same action in 53 similar cases.

Naturalization Papers Set Aside.

St. Louis, July 14.—Judge Rogers, in the United States district court, set aside the naturalization of 39 Russians and Italians on motion of District Attorney Dyer. The court had previously taken the same action in 53 similar cases.

SWEETHEARTS ONCE MORE.

Mrs. Barth and Mrs. Sheehan Kissed and Forgave Each Other.

Louisville, Ky., July 14.—Mrs. Leona Sheehan and Mrs. Anna Barth, who attempted suicide Saturday, have been reconciled and are sweethearts once more. Monday at the bedside of Mrs. Barth, at the city hospital, Mrs. Sheehan bent over the injured woman and asked her forgiveness for refusing to forgive her before, and the two women hugged and kissed each other, a few tears were spilled on the bed linen and then the future was gone into. The women will live together again as soon as Mrs. Barth gets out of the hospital.

"Mrs. Barth wants to live now and says she will get well," said Mrs. Sheehan. "She asked me whether she would come to see me again when she is better, and I just hugged her and said she must, and that she shall not live with any one else. I am going to make up for the wrong that I did her. I was wrong and not her."

BROKE UP A FESTIVAL.

Bullets Flew Thick and Fast in a Pitched Battle.

Greenup, Ky., July 14.—Thirty warrants have been sworn out for the parties that broke up a festival at the Roman Catholic church on Coal Branch Saturday night. A regular pitched battle occurred between the Whiteley and Bartee factions, in which over 100 shots were fired. Sheriff Bailey and Artie brought in four of the alleged offenders Monday morning, and are now out for more. They will all be held to the grand jury, which convenes next Monday.

A DESPERATE FIGHT.

A Band of Eight Negroes and Deputy Sheriffs Came Together.

Barboursville, Ky., July 14.—A desperate fight occurred Sunday night between a band of eight Clay county Negroes and deputy sheriffs of Barboursville. The Negroes attempted to rob county stores, and when the posse pursued them they gave resistance. Twenty shots were fired and one Negro was dangerously wounded. The balance of the band escaped to Clay county.

Tom White Indisposed.

Lexington, Ky., July 14.—Tom White, the Breathitt county prisoner who is in confinement here, is under the care of a physician, he being indisposed. When the news of his attack reached the ears of Curtis Jett the latter became greatly alarmed and dreaded that it might be typhoid fever.

Lexington, Ky., July 14.—Andy Lincolnbaum, a convict in the state penitentiary at Frankfort, was brought to this city and placed in the Eastern Kentucky lunatic asylum. Lincolnbaum was sent up from Louisville for ten years for the murder of his mother-in-law several years ago.

More Soldiers at Jackson.

Jackson, Ky., July 14.—Forty more soldiers were added to the number already encamped here by the arrival of the Shelbyville company Monday night. It is estimated that more than 2,000 troops will be encamped at Jackson this summer, but not that number at any one time.

To Die Together.

Lexington, Ky., July 14.—It was decided Monday that Claude O'Brien and Earl Whitney will hang together, and that when the fatal trap is sprung Friday, July 24, the youthful victims of the law will both plunge into eternity through the same trap and at the same time.

Boy's Jugular Cut.

Denton, Ky., July 14.—Luther, the 9-year-old son of Wm. Stapleton, was accidentally killed Monday morning by striking a railroad torpedo with a hammer, a piece cutting the jugular vein.

CANTRELL'S STORY

He and Officers Made Efforts to Find the Body of Miss Carrie Selvage.

SHE DISAPPEARED IN MARCH, 1900

Two Ghouls Found Her Wandering Demented on a Country Road the Morning She Disappeared.

Was Captured By Them, Kept in a Cabin For Weeks, and Later Was Chloroformed and Buried in a Robbed Grave.

Indianapolis, Ind., July 14.—Acting on statements made in affidavits by Rufus Cantrell, the "king of the ghouls," serving sentence at the Jeffersonville reformatory, officers, accompanied by Cantrell, who was brought here Monday afternoon, visited the Union Chapel cemetery, near Nora, 11 miles from Indianapolis and two graves were opened. It was expected, according to a statement of Cantrell, that there would be found the body of Miss Carrie Selvage, an Indianapolis school teacher, who disappeared from the Union state hospital March 11, 1900, and was never found.

According to the story of Cantrell, two ghouls found the woman wandering on a country road as they were returning from a grave-robbing expedition on the morning of her disappearance. They invited her into the buggy, found she was demented and took her to a cabin in Hamilton county, where she was kept for weeks. She was moved later to a hut in Indianapolis and then when the search for her became so close, chloroformed her and buried her body in the Union Chapel cemetery.

Cantrell, when he arrived at the cemetery Monday night, was uncertain as to which grave she was buried in. He said she had been placed in a grave that had been robbed several months before. Miss Selvage's brother was in the party. Two graves were opened and one was found to have been disturbed as Cantrell said it would be found, with the rough box broken open and the coffin lid turned upside down. The body in it was not recognized by Mr. Selvage. Other graves will be opened Tuesday. Cantrell, in his confessions, claims to know the secret of the disappearance of Kenneth Lawrence, a wealthy young man who inherited \$400,000 in Illinois and Indiana property and disappeared from Bellefontaine, O., being last heard of in New York. The sheriff of Logan county, Ohio, and the mayor of Bellefontaine, O., are here consulting with the officers. The disclosures of Cantrell are being investigated.

NEGRO DISAPPEARED.

Assaulter of Mrs. Robertson Last Seen in the Direction of a Swamp.

Madison, Ga., July 14.—Cleveland Kelley, the Negro who attempted a criminal assault upon Mrs. Will Robertson, of Newborn, several days ago, has disappeared. He was last heard from going in the direction of a swamp with a posse of determined men on his trail. The men returned a few hours later, stating that they had lost Kelley in the swamp, and had abandoned all efforts to capture him.

LIEUTENANT ARRESTED.

Alleged Conspiracy to Avenge the Murder of the Late King Alexander.

Bucharest, Roumania, July 14.—It is said that the Servian authorities have unearthed a conspiracy to avenge the late King Alexander. A lieutenant of a frontier garrison has been arrested charged with making threats against Col. Maschin. A search of the lieutenant's quarters disclosed evidence that 12 officers had formed a league to take vengeance upon the regicides.

ON A PEONAGE CHARGE.

Jury in Case of United States vs. Fletcher Turner Disagreed.

Montgomery, Ala., July 14.—The jury in the case of the United States vs. Fletcher Turner, charged with holding Glennie Helms, a Negro, in a condition of peonage, reported to Federal Judge Thomas G. Jines late Monday afternoon that they could not agree and were discharged. The jury stood 6 to 6. The other cases against him have been postponed until August 3.

Breslau, Prussia, July 14.—Thirty lives have been lost in a flood which has destroyed 50 houses at Graeffenberg, a village of Austria.

STATE CENTRAL COMMITTEE.

Democrats in a Row Monday Over the Louisville Muddle—Congressman Kehoe a Member of the Campaign Committee.

The meeting of the Democratic State Central Committee at Frankfort Monday broke up in a row, as the result of a resolution offered by Committeeman A. B. Rhea to indorse the regular, or Grainger, district committee at Louisville "and put John Whallen out of business." Chairman Young declared it out of order on the ground that the decision of the Court of Appeals determined the status of the committee, and that it could not now be brought up. Committeeman Rhea was of the opinion that the State Committee could consider his resolution and called on Secretary Percy Haly to put the resolution to a vote. Young directed Haly not to do it and he followed the Chairman's advice. Mr. Rhea then put the motion himself, and it was adopted by a vote of seven to six. The majority who supported Mr. Rhea then ordered a recess to formulate a plan to make the resolution a part of the record.

The resolution endorsing the Louisville committee carried as a part of it the endorsement also of the committee for the city of Lexington recently appointed by Committeeman Hedger.

S. W. Hager was made Chairman of the State Executive Campaign Committee. An Advisory Campaign Committee was also elected, Congressman Kehoe and Claude Desha, the latter of Cynthiana, being the members from the Ninth district.

PLEASANT

Thing is Tooth-Pulling With This New Laughing Gas.

[Enquirer.]

Before the Academy of Medicine the new anesthetic composed of nitrous oxide, commonly called laughing gas, combined with oxygen, was brilliantly demonstrated. By its use minor operations can be performed without possible danger, and without the many bad after effects which accompany the use of the anesthetics heretofore in vogue. Dr. Samuel Iglauer, with a specially constructed instrument for the purpose, anesthetized two patients, one a young lady of twenty and the other a babe only two years old. In the short space of one minute he removed the tonsils of each, the young lady regaining consciousness with a smile and the child without a whimper.

A dentist present also removed two teeth with the use of the anesthetic, the patient being a young man, who declared that he had not felt any pain.

There is no limit to the use to which the telephone can be put to. It is said that a certain Midway lady wishing to visit a neighbor the other day, pulled the baby's crib up in front of the 'phone, opened the receiver and calmly told "Central" that she was going out to a certain neighbor's and if the baby waked up and began to cry, to ring her up at the neighbor's. She ought to get a patent on that baby tender, remarks the Lexington Democrat.

Chicago, July 14.—The 2,500 wood workers employed in the bar fixture factories in Chicago, who went on a strike ten days ago for a uniform wage of 25 and 28 cents an hour, returned to work Tuesday morning.

TENT BLOWN DOWN

More Than 8,000 Christian Endeavors and Others Were Under Big Canvas.

NEARLY A SCORE WERE INJURED.

A Woman's Presence of Mind in Having Electric Current Shut Off Probably Saved a Catastrophe.

Those Who Had Fainted From Fright and Those Who Were Injured Were Quickly Removed to the Hospital Tent.

Denver, Col., July 14.—The big tent endeavor, in which the Christian Endeavor convention has been held for the last four days, was blown over Monday while more than 8,000 persons were under the canvas and nearly a score of men and women were slightly injured. Mrs. Jessie M. Thornburg, of Denver, was the most severely hurt. Her nose was gashed and her scalp received several cuts.

A. M. Ramsey, of Chicago, quickly sprang on a chair and called to the people to hold up the canvas and poles. This allowed the air to circulate and prevented suffocation. As it was, many women fainted and were extricated from the folds of the canvas with much difficulty.

Mrs. Winifred Sleep, of Denver, who was in charge of St. Mark's hospital tent, seeing the catastrophe at the big tent, telephoned to the electric light company to shut off the current. This prevented any damage from the live wires that had fallen with the tent poles.

Imprisoned Delegates Extricated.

As soon as most of the imprisoned delegates had been extricated from the folds of the tent, they congregated in the open air and held an impromptu praise service.

The session was in full progress in the tent when a sudden squall lifted up the big canvas as if it were a balloon. The guy ropes and the main poles were pulled from their places and the gust of wind, momentarily ceasing, the tent roof collapsed.

Even as the tent was in the ascent, many of the worshippers became panic stricken. The screams set up by hundreds of women was hushed by the fall of the canvas. Bue before the collapse ended, Mr. Ramsey had had time to spring on a chair and to call loudly on the men to hold up the canvas and to catch the poles as they fell.

Hundreds of men sprang to their feet and those who were not tripped by the entangling canvas, caught the poles and bailed the chute. More than a thousand persons, who had sat near the walls of the tent, escaped the tolls of the tent and immediately formed themselves into a rescue corps. Those who had fainted and those who suffered from injuries were quickly removed to the hospital tent.

UNCLE SAM doesn't seem to be in any hurry to begin work on Maysville's public building

A MOVEMENT has been inaugurated at Indianapolis to rid that city of "worthless negroes." Their presence in any city is a menace

TAYLOR, in Indiana, gives the lie direct to every assertion of Republicans that he had no connection with the assassination of Governor Goebel.

MR. J. BARBOUR RUSSELL has been suggested as a Republican candidate for Representative. Barbour is too busy selling sugar and other good things to get mixed up in a hopeless political race.

FLEMING County Republicans instructed for Dearing for Attorney General. If our erstwhile Democratic friend doesn't get something from the G. O. P. pretty soon he will become thoroughly disheartened.

THE people of Kentucky will exercise great caution hereafter as to whom they entrust with the Governorship, lest they should, by chance, commit that high office to a party that connives at assassination.

THE Republicans are badly handicapped in the approaching election, either with Taylor in Indiana or allowing him to be brought home and stand trial on the charge of being accessory to the assassination of Governor Goebel.

THE net earnings of the United States steel corporation for six months were sufficient to pay the fixed charges for a full year on its total bond issues of \$502,000,000 twice over; or, at the same ratio of earnings for the second half-year, five times over. But that's easy. This giant trust can "gouge" the people for enough to pay just as much as it pleases on its stock and bonds.

A WEST VIRGINIAN claims that with \$500,000 he can construct a system of reservoirs or dams in the streams of that State that would enable the shipment of coal to Cincinnati every month in the year by emptying the accumulated water into the Ohio. He has probably run across the scheme advocated by the late Judge Stanton when in Congress fifty years ago. That was Judge Stanton's scheme precisely,—to construct dams or reservoirs that would hold sufficient water to float the coal boats when it was emptied into the Ohio.

PHILADELPHIA THE CORRUPT. Under the title "Philadelphia; Corrupt and Contented," Lincoln Steffens, who has shown up the municipal rottenness of Minneapolis, St. Louis and Pittsburgh in recent magazine articles, pays his respects to the political situation in Philadelphia, in the July number of McClure's Magazine. Following are some extracts:

Other American cities, no matter how bad their own condition may be, all point with scorn to Philadelphia as worse—"the worst governed city in the country." St. Louis, Minneapolis, Pittsburgh submit

with some patience to the jibes of any other community; the most friendly suggestion from Philadelphia is rejected with contempt. The Philadelphians are "supine," "asleep," hopelessly ring-ruled, they are "complacent." "Politically benighted," Philadelphia is supposed to have no light to throw upon a state of things that is almost universal. * * * New York is excused of many of its ills because it is the metropolis, Chicago because of its forced development; Philadelphia is our "third largest" city and its growth has been gradual and natural. Immigration has been blamed for our municipal conditions; Philadelphia, with 47 per cent. of the population native-born of native-born parents, is the most American of our greater cities. It is "good," too, and intelligent. I don't know how to measure the intelligence of a community, but a Pennsylvania college professor who declared to me his belief in education for the masses, as a way out of political corruption, himself justified the "rake-off" of preferred contractors on public works, on the ground of a "fair business profit."

Mr. Steffens tells how repeating is done in that city, and, continuing, says:

But many Philadelphians do not try to vote. They leave everything to the machine, and the machine casts their ballots for them. It is estimated that 150,000 voters did not go to the polls at the last election. Yet the machine rolled up a majority of 130,000 for Weaver, with a fraudulent vote estimated all the way from 40,000 to 80,000, and this in a campaign so machine-made that it was called "no contest."

The people of Philadelphia are Republicans in a Republican city, in a Republican State, in a Republican nation, and they are bound ring on ring on ring. The President of the United States and his patronage; the national cabinet and their patronage; the Congress and the patronage of the Senators and Congressmen from Pennsylvania; the Governor of the State and the State Legislature with their powers and patronage; and all that the Mayor and City Councils have of power and patronage—all these bear down upon Philadelphia to keep it in the control of Quay's boss and his little ring. This is the ideal of party organization, and, possibly, is the end toward which our Democratic Republic is tending. If it is, the end is absolutism. Nothing but a revolution could overthrow this oligarchy, and there is its danger. With no outlet at the polls for public feeling, the machine cannot be taught anything it does not know, excepting at the cost of annihilation.

Admitting there is no God, no heaven, no hell, no fire and brimstone; conceding there is no devil and that man is a descendant of the ape, it cannot be denied, says an exchange, that church services develop the best that there is in man. Church attendance suggests cleanliness—in mind and body, getting away from one's self and to a degree directing the mind into channels of brotherly kindness and charity. The writer has often wondered why men can loaf about shops and street corners all day Sunday while there are so many empty seats in the churches. Admitting that church worship is a species of idolatry, that the service is a mumery; it cannot be denied that church influence is on the side of morality and correct living.

Stoner, the famous trotting horse man, who died several years ago in Bourbon County. Young Stoner was connected with "Lord" Barrington, the alleged murderer, in some of his recent schemes. THE BEE HIVE

Duchess LACES

We received Saturday a new lot, awfully pretty styles. Our Mr. E. Merz, who is in New York, writes that they are "up to the minute style." Come and see if you agree with him. 10c., 12½c., 15c. and 19c. per yard.

Imitation Cluney,

White and linen color, and different widths. And prices low in fact our retail price is as low as Cincinnati wholesale price, but of course Cincinnati is not a fair example. 19c. to 29c. are the best sellers.

Back Combs at 10c.

If our buyer had not been on the spot the price would be 19c., but as long as this lot last they are yours for 10c. We have the happy faculty of being on the right spot at the right time.

SHOES

Some people think that because we only keep good shoes and shoes that we guarantee that the price is always high. IT'S NOT SO. We have slippers and oxfords from \$1.50 up. Under a \$1.50 we haven't found any to suit us. Shoe salesmen say we are hard to please, must not be so particularly with cheap shoes. They don't know how hard we work for your interest. Some day the manufactory will turn out a slipper for \$1.25 that we can recommend. When they do we will have it here, but until then we will keep on selling from \$1.50 up. We buy the shoe first and then see that the price is right. And the same way we sell.

Former Resident of This City Married Recently at Indianapolis.

[Indianapolis Sentinel.]

The marriage of Miss Anna L. Alexander, daughter of Mr. and Mrs. John J. Alexander, and Mr. William B. McIntosh, took place Wednesday evening, June 24th, in the parlors of Rev. Father Gavisk. The ceremony was witnessed only by the immediate relatives and a few friends. The attendants were Miss Nora King, of Maysville, Ky., and Mr. Joseph Lang, of this city. The bride's gown was of white silk mull over taffeta and she carried Bride roses. Miss King's gown was of white organdy and her flowers were Bridesmaid roses. A reception followed the ceremony at the residence of the bride's parents in S. Illinois street. The house was decorated throughout with palms and smilax. The parlors and the dining room had many clusters of pink and white sweet peas and the other rooms were effectively decorated with marguerites and carnations. Mr. and Mrs. McIntosh will be at home after August 1st at 1327 Madison avenue.

FIFTH MAGISTERIAL DISTRICT.

The Sunday School Convention Sunday Was Well Attended—Old Officers Re-elected—The Enrollment.

The convention of the Fifth Magisterial district of the Mason County Branch of the Kentucky Sunday School Association was held at Washington Sunday afternoon at the Presbyterian Church. A good crowd was in attendance and much interest was manifested in the Sunday school cause.

The officers elected last year were retained for the next twelve months, beginning with January 1, 1904. These officers are Mr. Andrew Wood, President, H. D. Knight, Secretary, Miss Willa Burgoyne, Treasurer, all of Washington. The Christian Church at Washington, Messrs. Elmer Downing and Harvey Keith, Superintendents, reported total enrollment of forty; the Presbyterian Church, Mr. Andrew Wood, Superintendent, total enrollment eighty; the M. E. Church, South, Jas. Irvine, Superintendent, total enrollment thirty-five. Those are all the Sunday schools in this district. The report as made by Mr. H. D. Knight, Secretary, is one of the neatest that has been received by the county organization.

Short addresses were made by Dr. Barbour, Rev. R. E. Moss, Rev. F. W. Harrop and Rev. W. T. Spears. Dr. Smoot and Miss Lida Berry, of this city, were present and conducted the musical part of the program.

W. B. McCallum, who has long been a prominent figure in the managerial end of the theatrical profession, has assumed full control of the W. C. Cleveland minstrels, and has arranged to place them on tour the coming season with splendid equipment. In addition to the regular minstrel performances, there will be added many novel features. His long experience as a vaudeville manager enables him to choose attractions that will please the public. The street parade, it is said, will have novelties unlike anything heretofore shown in minstrelsy.

If in Need of a PUMP,

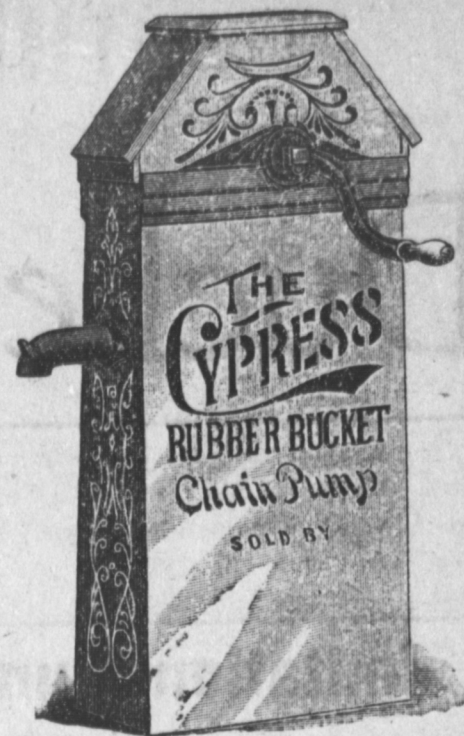

We advise you to buy either the I. X. L. Patent Galvanized Steel Chain Curb and Galvanized Steel Tubing, or the Cypress Rubber Bucket. Both are good ones and we sell lots of them. The I. X. L., being constructed entirely of steel, costs a little more than the other kind, but the difference in price is more than made up in satisfactory service and long life. It always pays to buy the best of everything, and Pumps are no exception to the general rule.

Some Points of Superiority of the I. X. L.

It does not make the water taste as wood tubing does, and, being made of the very best galvanized steel, will not rust, rot or accumulate filth, and leaves the water clear and pure. It is anti-freezing, as a small hole in the reservoir allows the water to run out. Only weighs a half pound to the foot, while water-soaked wood tubing weighs six.

ALL KINDS OF FIRE

With a good Gas Range you can cook your soup over a slow fire, which it needs, and your roast over a quick fire, and both at the same time. How can you do this any other way than with a GAS RANGE?

Gas Ranges At Factory Cost Price!

Never was such another opportunity afforded you to obtain so much value for the same money. During the month of June the Gas Company will, if so desired, make a written agreement with any purchaser of a Gas Range to the effect, that, if on the first day of August, said purchaser shall have become dissatisfied with the use of their Range, either for the reason that it will not do the work as represented, or that it costs too much to operate, then the Gas Company will take back the stove and refund any money paid upon its purchase price. The only thing to prevent you taking advantage of this offer is that the Ranges are sold quicker than they can be connected up, so if you are thinking of buying one, now is the time to decide. Over twenty installed during May and not a single complaint. For further particulars see the Gas Company and sample Ranges at Langfels & Co.'s.
